Please let us know as soon as you have booked your flights.

If you need a letter of invitation for your travels please inform Kristine.

The reimbursement will be calculated on the basis of the FIS reimbursement of travel costs form. This form will be send to the team captains via e-mail just before the event weekend. Covid-19 Prevention Guideline

1. prevention:

Health takes the highest priority, a high level of solidarity and individual responsibility is required.

Persons with COVID-19 symptoms must not attend the event. If a case f COVID-19 is diagnosed after an event (max. 14 days after) the LOC must be informed of this immediately via phone & e-mail (Hazard Manager). All the information must be entered truthfully.

2. information and reporting obligations:

For teams prior to arrival: Mandatory registration in the FIS passport database. The following information must be uploaded to the FIS passport database 24 hours before check-in in the hotel:

- negative Covid-19 PCR test result including the testing date and the national laboratory certificate
- "FIS Whereabouts"
- "FIS Health Questionnaires"

Anyone who travels to the event without all of the requisite documentation will not get access to the event grounds. This means that they must self-isolate before filling out the documents.

3. arrival

The team must remain separate from external parties during the journey to the event.

During the journey, the team must avoid taking long breaks, particularly at highly frequented places such as service stations, and must adhere to the general rules of conduct.

4. Corona-Warn-App

Please download and use the official Corona-warn-App from the RKI during your stay in Germany. You can find all information about this app on the following website: [Corona-Warn-App](#).

5. mask obligation

In public areas (apart from shops) it is not mandatory to wear a mask. Everyone must wear a mask as soon as you enter the event venue/ hotel reception. We would recommend you to wear a mask on your way between hotel & event venue. Please notice the signs.

6. separation from groups

We divide our staff & volunteers in two groups:

1. Persons with a **red** accreditation are COVID-19 negativ tested and stay in the same hotel within the snowflake bubble. These are persons who work close with the sport (race office, competition volunteer etc.) or in the catering.
2. Persons with a **blue** accreditation working in public areas/logistics and are not COVID-19 tested.

Please stay within the snowflake bubble and do not mix up with the public area on the venue. An overview with information about the red & blue zones will be at the information board in the hotel lobby.

Please do not mix up with other teams.

7. COVID-19 test facilities

Everyone must present, before check-in the hotel (Whereabouts, Health Questionnaire, negativ-Test) , a negativ Covid-19 PCR test that was carried out no more than 48 hours previously.

The test must be officially recognised and certified in the country in which it was carried out.

The task force can have people who have symptoms take a COVID-19 PCR test.

The task force may at any time arrange for tests to be carried out unannounced.

The costs for additional tests must be paid on the spot by the person being tested.

Test facilities on site:

Please make sure you are arriving with a negativ test result. If you do not have the possibility to get a valid test prior arrival you can make

a test in Dresden. A PCR test will cost 60 €. Please use the **formula** which was send out to the team captains via e-mail. Only teams who pre-booked a test in advance will get this possibility!

Please use the same formula if you need testing prior departure. For that purpose we can offer you a PCR test (60 €) or AntiGen rapid test (20€). Please inform yourself if the AntiGen rapid test is accepted in your destination. The tests have to be paid directly on site.

8. code of conduct in case of COVID-19 symptoms

Should you develop symptoms, you must inform the team manager immediately. The affected person must enter self-isolation immediately.

The team manager shall inform the hazard manager of the LOC immediately via the COVID-19 Hotline (+49 351 56 34 13 510).

The hazard manager shall inform the task force.

The task force shall consult the local authorities and make a decision on the next steps to take. Any information provided to third parties (the media, etc.) must be approved by the task force only.

9. other

All teams are responsible for themself. We do not limit your activities outside the hotel or venue. We trust the internal hygiene concepts of the teams.

Regulations of radio equipment/Radio Frequencies

We already send you a formula of the „Bundesnetzagentur“ per e-mail. This is an application for the radio communication in your team. Please fill in the formula and send this directly to the agency as well as copy to us. We do not grand you radio communication if you didn't hand in the formula.
